\$20 materials fee

For the first class you will need to bring five items of a medium or small size that would tell me something about you. For example, a ribbon or medal won from a sports event, an old favorite stuffed animal, if you play an instrument and have a miniature example of that instrument that would be good, a book you love. It is best if these items are 3D so not a postcard or something on a piece of paper. These items will form the set-up for your personal narrative still life.
